

FAMB Broward Chapter

We invite you to attend our General Dinner Meeting
Featuring Guest Speaker:

Valerie Saunders FAMB State President

Learn how the **SAFE Act and FS494 revisions**
will change the face of the mortgage brokerage industry forever.

The Secure and Fair Enforcement for Mortgage Licensing Act of 2008 (S.A.F.E.) went into effect in July, 2008 with the passage of the Housing and Economic Recovery Act. The purpose of this act is to increase uniformity with regards to licensing. Part of this act establishes the Nationwide Mortgage Licensing System and Registry which requires all originators to be part of this licensing and supervisory database. All states must participate in NMLS and Florida is no exception. The State of Florida is required to incorporate minimum standards of the SAFE Act into F.S. 494, the Mortgage Brokerage and Lending Law, which governs all licensed mortgage brokers. As part of this requirement, all unlicensed originators, processors (in-house and contract), in-house underwriters, loss mitigation specialists and many more will now be required to become licensed and be part of the registry.
